

Ant Follow Up Treatment

With Your Help, We Can Eliminate Your Ants!

PREPARING THE INFECTED AREA

- Clean up! Get rid of accumulated newspapers, magazines and other “clutter.”
- Move furniture away from walls for easy access to baseboards, draperies, etc.
- Access is needed to all closets, furnace room, garage (if applicable) and storage areas.
- Remove items from counter tops and underneath sinks.
- Access is needed to the foundation (inside and out).
- ALL AREAS/ROOMS of the building **must** be completely prepared when we arrive.

FOLLOWING TREATMENT

- You, your family, and pets, should stay OUT of the treated area for the length of time specified by the Technician ...usually 1 hour.
- Be aware it may take 4 – 6 weeks for all bugs to be affected/killed by the material applied. The bugs need to come into contact with the material and may not come out of a deep hiding spot for several days. Do *not* panic if you still see some movement following the treatment, this is common. The material does not kill the insect instantly. It could take several hours to reach fatality.
- Please understand that our best service depends largely on ***cooperation from you and/or your tenants***. If the above guidelines are not followed, it will negatively affect the treatment.
- Try to avoid vacuuming, mopping or any deep cleaning around baseboards, countertops and under sinks for 4 weeks following treatment.

FOLLOW-UP TREATMENTS

- Your ant application is warranted until the first freeze in fall/winter.

****Follow up treatments are performed at 30-day intervals****

Together we can eliminate your pest issue. As always, ***thank you*** for your cooperation, and for trusting The Pest Patrol Team with your needs. We sincerely appreciate your business.

Pest Patrol enforces a 24-hour cancellation policy for all appointments. If you need to reschedule your appointment you must contact our office ***as soon as possible*** to avoid incurring a \$45 cancellation fee. Once incurred, this fee must be paid prior to scheduling any more services.
